We are accelerating achievement of Vision 2030 goals by setting ambitious targets across **asset monetisation**, **AUM growth** and **synergy capture**.

Cumulative asset monetisation¹

AUM growth

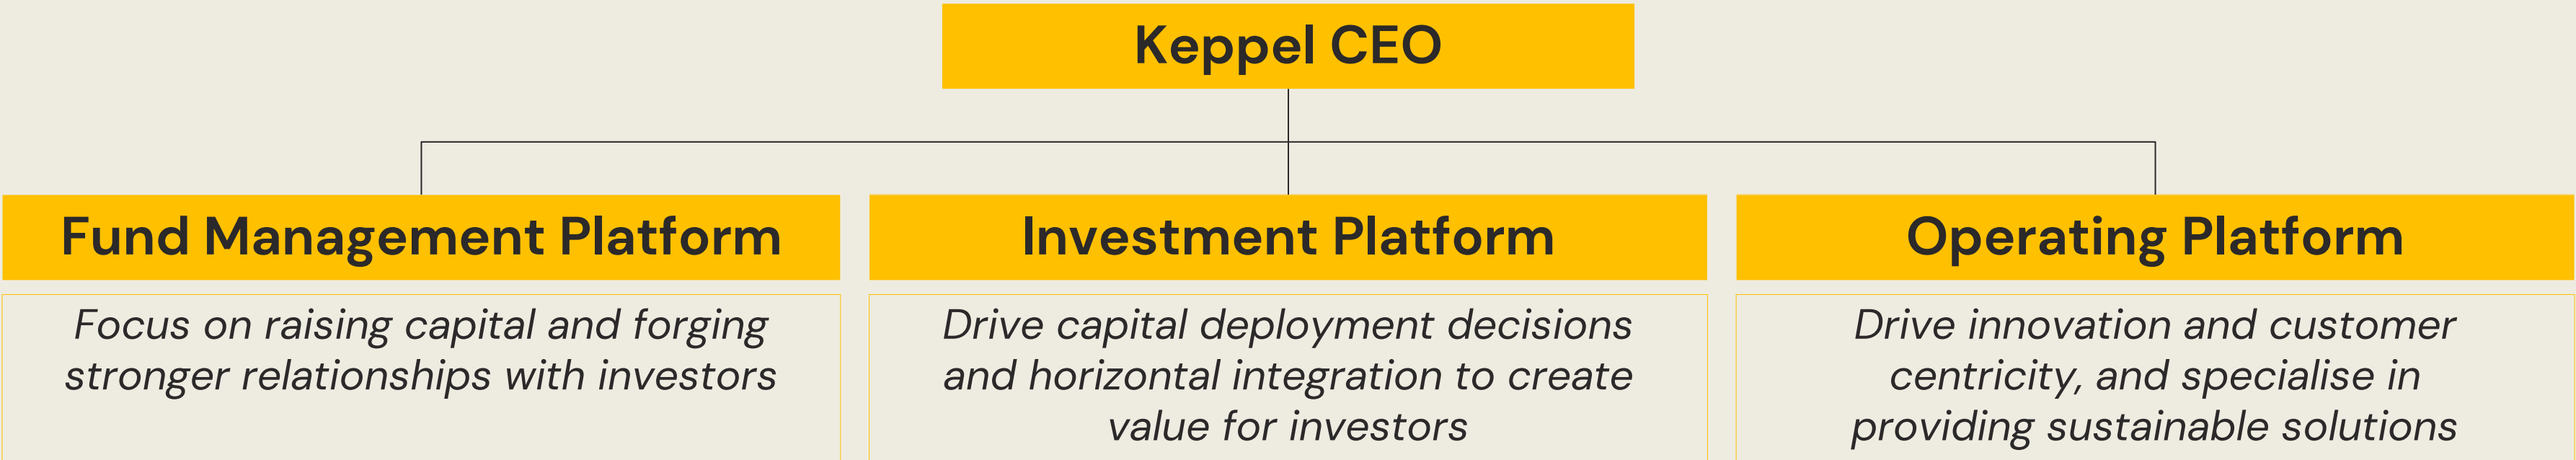

Synergy capture

S\$60–70m

Annual savings expected by 2026 from synergy capture, including through centralising and optimising support functions

Reorganised for growth as a leading asset manager and operator with simplified structure comprising 3 platforms.

Business Segments

- Infrastructure
- Real Estate
- Connectivity

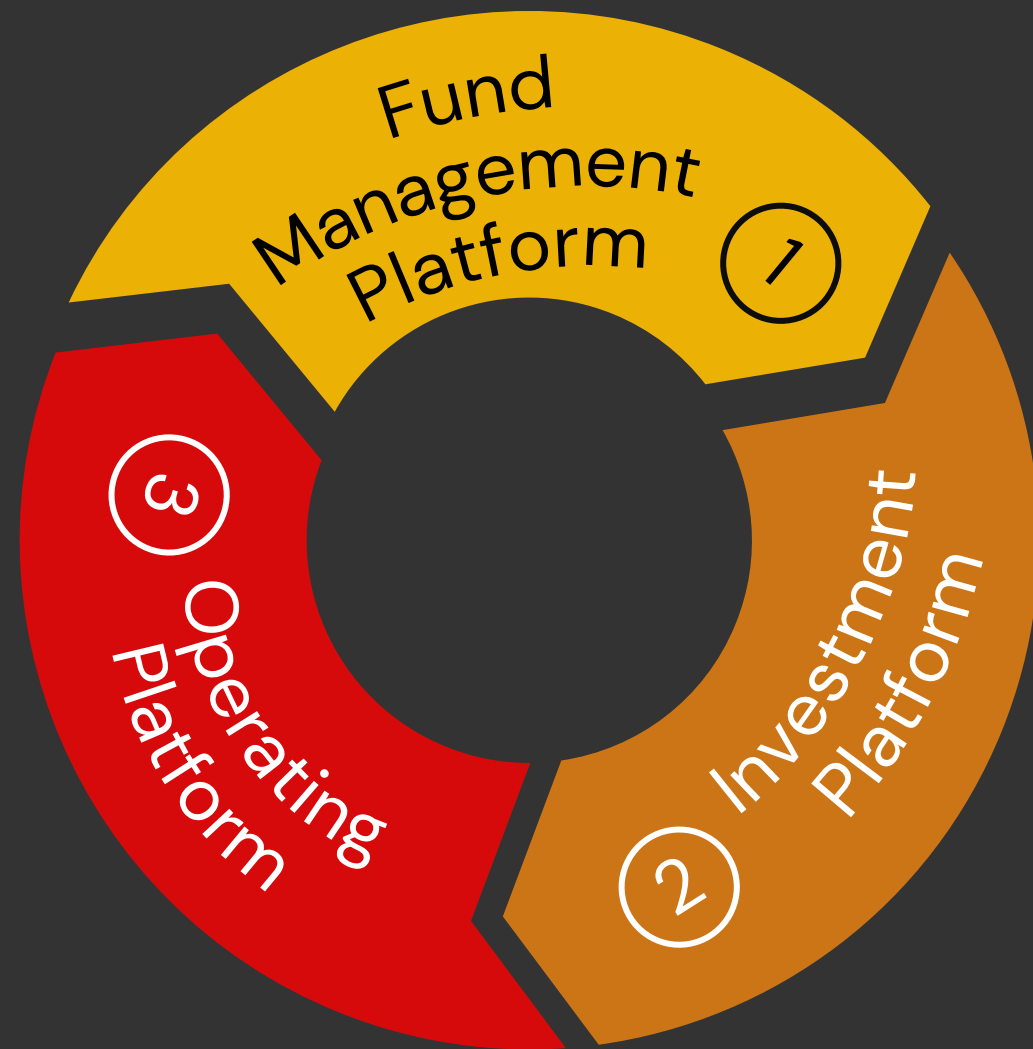

Shared Support Functions *(reorganised and horizontally integrated to provide group wide support)*

Driving operational efficiency and business excellence

- ▶ Removes conglomerate structure to realise synergies from integration
- ▶ Horizontally integrated to create a nimble, efficient and tech-enabled company
- ▶ Centralised and optimised support functions to bolster cost-efficient AUM growth

Creating a virtuous investment cycle to achieve S\$200b AUM target

- 1 { Raising funds and gathering assets
Managing and optimising portfolio
- 2 { Creating deal flow funnel and building quality pipeline
Converting deals into quality investments with attractive risk-adjusted returns
- 3 { Adding value with operating expertise
Driving superior asset performance and investment outcomes.

- 1 These will in turn boost fund raising and asset gathering at speed and scale towards AUM target.

Enablers to strengthen delivery ecosystem and drive results

Tech-enabled Processes

Simplified, standardised and tech-enabled processes drive faster decision making and greater productivity

Agile Organisation

Cost efficient, resilient and agile corporate functions promote scalability and cost-efficient AUM growth

Aligned Interests

- Management incentives tied to financial outcomes and fund performance
- Co-investments by Keppel and employees
- Incentives aligned with interests of investors and shareholders

We are well-positioned to achieve our ambitions, creating higher value for investors and shareholders.

Global asset manager and operator with goal to scale AUM to S\$200b by 2030 and deliver 15% ROE

Strong investment track record

Over 20 years track record in managing private funds with seasoned management team

Differentiated value proposition for investors

Global alternative real asset manager with strong operating capabilities, creating solutions for a sustainable future

Capturing growth from long-term secular trends

Well positioned to seize opportunities from energy transition, urbanisation and digitalisation

Optimised structure for growth

Three platforms to drive value creation across horizontally-integrated infrastructure, real estate and connectivity segments

Enabling market to better value Keppel as asset manager and operator
