Strong interest in Keppel's real assets

Increase in fundraising and dealmaking activities expected as inflation eases and interest rates stabilise in 2024.

Infrastructure

- Global energy transition and climate action driving demand for Keppel's renewables, clean energy, decarbonisation and environmental solutions
- Developing Singapore's first hydrogen-ready and most advanced power plant

Real estate

- Pressing need to decarbonise real estate driving demand for more sustainable solutions
- Incorporating differentiated Sustainable Urban Renewal solutions as part of new assets and asset enhancement initiatives strategy

Connectivity

- Growing demand for more efficient and greener data centres amidst proliferation of Generative AI
- Creating modular data centre campus among other leading edge solutions that harness cleaner energy sources

Accelerating growth: acquisition of leading European asset manager Aermont Capital

① Immediate, significant foothold in Europe

Expands asset mgmt capabilities beyond Asia Pacific, bolstering Keppel's presence and value proposition to global LPs

② Expanding network of blue-chip LPs

Through Aermont's longstanding relationships with over 50 global clients, many of whom are new to Keppel

Conclusion

- Harnessed Keppel's deep industrial roots to transform the Company into a global asset manager and operator
- Providing unparalleled value proposition to investors with our strong investment track record, operating capabilities and domain knowledge
 - Investors also find Keppel's active value adding approach to creating superior returns appealing
- Keppel's shareholders have and will continue to benefit from our transformation:
 - We are running more efficiently as one integrated company
 - Our earnings are much more recurring and should attract valuations based on growth multiples

Keppel is well-positioned to ride the next S-curve of quality sustainable growth, as we navigate a more complex world.

Segmental results – Corporate Activities

- Net loss of \$256m, as compared to \$20m in FY22
- Lower fair value gains from investments, partly offset by fair value and disposal gains on Seatrium shares in FY23
- Interest income & fair value changes from notes receivables of \$151m, offset by amortisationⁱ of Day 1 fair value loss on notes receivables of \$150m in FY23
- Higher net interest expenseⁱⁱ
- Higher overheads due to transformation costs in FY23; write-backs of provisions in FY22

ⁱ As required by accounting standards, the notes receivables have to be fair valued at initial recognition (Day 1) and the difference between the fair value and the transacted price is deferred and amortised over the expected life of the notes or when its fair value (or its inputs) can be observed directly from the market.

ⁱⁱ Following the completion of the Asset Co Transaction in Feb 23, the financing cost relating to the vendor notes are now reported under Corporate Activities, as compared to under Discontinued Operations in FY22.

ⁱⁱⁱ Includes corporate overheads and taxes which are not attributable to the segments.

Corporate Activities net profit
